Mercedes Luton van

Features

- GRP sides & bulkhead with no visible fixings so a clear finish for livery.
- Bolted rear frame is dip painted and powder coated for top quality corrosion resistance.

- Uniquely Ingimex four-tier load restraint system.
- Allows for lashing to the deck, standard load lock lashing or for the use of the Ingimex telescopic load poles.

- Designed and manufactured by Ingimex; the high-strength shutter has no external cables and a smooth finish suitable for livery.
- A reinforced bottom plank to protect against movement of unsecured loads.

- Rear footstep is fitted as standard.
- Full height grab handle has an integrated interior spot lamp which can be rotated by 360°.
